

# Sarasota Memorial Pain Medicine Program

Thank you so much for taking the time to complete this paperwork. We know it is quite extensive and may take some time to complete it thoroughly. Here is a helpful checklist to guide you through the process.

*Print and Complete the Following Forms:*

- New Patient History/Assessment Form** This form is very long (eleven pages) and detailed. It provides us with a thorough history of your pain management, procedures/treatments, medications, etc. **It is crucial that this form is completed in its entirety prior to your appointment.** The nurse will quickly review the form to see if it is complete. If the form is incomplete your appointment time may be delayed or rescheduled.
- Billing Information** This form is to inform you that you will receive two billing statements. One is the facility fee and the other the professional fee. Please read this closely and if you have any questions please call us at 917-4500.
- First Physicians Group (FPG) Consent for Treatment and Financial Agreement**
- Authorization to Release Medical Records**
- Acknowledgement of Privacy Practices**
- Medicare Outpatient Coinsurance Notice** (Medicare Patients ONLY)

*Bring with you to your appointment:*

- Current Medical Records
- X-Ray/CT/MRI Reports (if available)
- Complete list of medications, including your insurance medication formularies (it may be easier to bring the containers with you)
- Current Insurance Card
- Photo ID

*Thank you for choosing Sarasota Memorial Health Care System's Pain Medicine Program!*
